Welcome to the STBC! The successful business platform

The Swiss Turkish Business Council (STBC) is domiciled in Zurich and has been active as a non-profit organisation since September 2001.

Its committee and members are leading Swiss entrepreneurs and companies which enjoy excellent business relations in Turkey.

What does the STBC do?

The STBC promotes and improves sustainable trade and economic relations between Switzerland and Turkey, and is supported by private and public institutions that have the same or similar objectives.

How can I become a member of the STBC?

Simply complete the reply coupon and send it to us by post or e-mail.

Activities of the STBC

The STBC organises several events each year with the aim of promoting economic ties between Turkey and Switzerland. These events provide representatives from both countries with an opportunity to establish valuable contacts. The resulting fruitful exchange paves the way for new business relations with Turkey.

Thanks to its extensive network comprising a broad variety of organisations in Turkey, the STBC is able to open up opportunities for dialogue, promote joint ventures and function as a platform for the exchange of specialised know-how.

Our own organisation, the Swiss Turkish Business Council (STBC), works closely together with its Turkish counterpart, the Turkish Swiss Business Council (TSBC), which in turn is integrated into the DEIK (Turkish Foreign Economic Relations Board). Thanks to this excellent networking we are able to always respond immediately, reliably and efficiently to all requests we receive for information and contact details.

Recent attractive events

Doing business in Turkey: Trade and investment opportunities for Swiss companies, April 2007 in Zurich

Energy projects in Turkey: Investments in production and transmission, November 2007 in Zurich
